

PUCT DOCKET NO. 53333

COMPLIANCE PROJECT FOR DOCKET	§	BEFORE THE
NO. 52040 (APPLICATION OF EL PASO	§	
ELECTRIC COMPANY FOR ADVANCED	§	PUBLIC UTILITY COMMISSION
METERING SYSTEM (AMS)	§	
DEPLOYMENT PLAN, AMS SURCHARGE,	§	OF TEXAS
AND NON- STANDARD METERING	§	
SERVICE FEES)	§	

**MONTHLY PROGRESS REPORT OF EL PASO ELECTRIC COMPANY FOR
PERIOD ENDING June 30, 2023**

Advanced Meter Deployment Progress Report Pursuant to 16 TAC § 25.130(d)(9)

A. The number of advanced meters installed:

Report: 8,670 advanced meters have been installed, and EPE is nearing full capacity regarding the targeted monthly meter installation pace. Once meter installation resources are at full capacity, EPE will reevaluate productivity and assess any impacts to schedule. If necessary, EPE will then make adjustments to keep completion of all AMI installations 2025 on track.

B. Significant delays or deviation from the Deployment Plan and the reasons for the delay or deviation:

Report: The polyphase meter firmware correction has been approved, and meter shipments are now scheduled for July 2023. EPE is working on a plan to integrate installation of polyphase meters into the overall effort in order to make up for the delayed start.

C. A description of significant problems the electric utility has experienced with an AMS, with an explanation of how the problems are being addressed:

Report: None.

D. The number of advanced meters that have been replaced as a result of problems with the AMS:

Report: None.

E. The status of deployment of features identified in the Deployment Plan and any changes in deployment of these features.

Report: None.

F. Progress of the development of the web portal, Green Button Connect My Data, and authorized third-party on-demand reads, and any changes in deployment of those features.

Report: Green Button Connect My Data and authorized third-party on-demand reads functionality efforts have begun. The initial project plan has been created, and respective requirements and processes are being evaluated among all parties. The Company remains on schedule to enable access by customer-authorized third parties within twelve months of when the first AMS meters were installed.
