

EL PASO ELECTRIC COMPANY

SCHEDULE NO. GCRR
GENERATION COST RECOVERY RIDER FACTOR (GCRR)

APPLICABILITY

This Generation Cost Recovery Rider (GCRR) is applicable to all customers taking service under a retail rate schedule except for the interruptible portion of those customers that are taking service under Schedule No. 38 and is assessed on a monthly per unit cost factor under "Total Charge", multiplied by the billing determinant (BD), in energy (kWh) or demand (kW). Total Charge is the sum of the Base Charge and the Relate-Back Surcharge, approved in Docket No. 56225. In Docket No. 56225, EPE was authorized to implement a relate-back surcharge to recover the under collection of GCRR revenue under the interim rates granted in that docket. The surcharge will become effective on January 1, 2025 and expire at the end of calendar day, April 30, 2025. Pursuant to the requirements of 16 Tex. Admin. Code § 25.248, the charges within this rate schedule are to be assessed according to the following rates in the Monthly Rate section.

TERRITORY

Texas Service Area

MONTHLY RATE

Rate No.	Description	Generation Cost Recovery Rider			
		Base Charge	Surcharge *	Total Charge	BD
01	Residential Service Rate	\$0.00470	\$0.00161	\$0.00631	kWh

EL PASO ELECTRIC COMPANY

SCHEDULE NO. GCRR
GENERATION COST RECOVERY RIDER FACTOR (GCRR)

kWh – Energy is defined as total metered billing energy.

kW – Demand is defined as the billing demand, plus any demand associated with the power factor adjustment, as determined in the applicable tariff schedule to include thermal energy storage kW.

**The Surcharge will become effective on January 1, 2025 and expire at the end of calendar day, April 30, 2025. The Total Charge will revert to the Base Charge effective May 1, 2025.*
